

Canon Collins Sol Plaatje Scholarships for Postgraduate Study in South Africa in 2022

Guidelines for Applicants

General Information

Canon Collins Trust in partnership with Sol Plaatje Educational Project invite applications for the postgraduate study in South Africa 2022. We will provide funding for up to a maximum of two years for Masters and three years for PhD. Continued funding depends upon satisfactory progress and academic reports.

In 2022 we will be making awards only to those studying in three areas:

1. **Justice**, which includes Climate Justice, Law, Economics and Politics
2. **Education** policy and practice
3. **Humanities**, which includes Literature, History, Anthropology and the Arts

Please only apply if your programme of study falls into one of these disciplines.

Interdisciplinary courses and doctoral studies may sometimes defy easy categorisation. Applicants are urged to use their judgement in assessing whether to apply. But applications that clearly do not fall within these areas (for example MBAs, medical sciences, sports sciences and applied sciences) will not be considered for an award.

In 2022, climate justice will be a priority. Climate Justice related scholarship applications may be in a science or applied science field as long as the application can demonstrate its relevance to climate justice related matters.

You will need to be able to provide these quickly. Ideally, one reference should be from your current or most recent academic supervisor, and one reference from an employer. If you have never been employed, we will accept a reference from voluntary work, or two academic references. You should ask your referees to write a reference that relates to your suitability for this scholarship.

Getting a place on your course

You must apply to the universities you wish to study at for a place on your chosen course(s). If you are offered a scholarship but fail to get a place in a course, we will withdraw the offer.

How many scholarships are available?

There is no set number. The Trust makes awards on the basis of available funding and suitable applicants. It is, however, highly competitive. Please apply only if you meet all the criteria.

Selection Criteria

In selecting scholars, the Trust will apply a number of criteria including academic merit, financial need and the potential to contribute to education in southern Africa.

Applicants for the 2021 Canon Collins Sol Plaatje Programme will be assessed on the basis of the information that they supply on their application form against the criteria outlined below:

1. Academic Record and References

Applicants should have a minimum of an upper second-class (merit) undergraduate or Honours degree and excellent references.

2. Future impact

All applicants need to articulate how the scholarship and their studies will enable them to contribute to open and just societies in southern Africa.

3. Work Experience

We favour applications where there is a demonstrable continuity between applicant's past study and career and their proposed course of study.

4. Leadership Competencies

Canon Collins places a great deal of emphasis upon the leadership potential of individuals. Applicants will be asked to demonstrate how they have developed their leadership skills in the workplace, academia or in their personal life. Priority will be given to those who can describe an occasion/s in which they have used their skills to formulate a shared vision or strategy, build strategic relationships and networks, support peers and mentor others, and/or deliver results.

5. Alignment with the Trust's priorities

We will favour applicants who most clearly demonstrate that their proposed course and future plans align with the Trust's priorities.

Timetable

We will open for applications on **Wednesday 30th June 2021**.

The deadline for applications is at **15:00 BST on Mon, 9th August 2021**.
